

LONDON ONTARIO 2019

Building a co-operative future

Annual General Meeting London, Ontario, June 5–8

Join us in London to help lead your co-op—and the co-op housing movement—to greater success.

This is your meeting. It's a great opportunity to learn, network and take part in decisions that will affect your co-op and co-op housing nationwide, as we work toward a shared vision of "Co-op Housing for All."

And what a great place to meet! Founded at the Forks of the Thames River, the "Forest City" boasts over 200 parks, loads of hiking trails, bustling shopping districts, historic and artistic attractions, and a thriving food and drink scene. Just a two-hour drive from Toronto, London has something for everyone. We look forward to seeing you there!

Co-operative Management Conference June 3-7

The premier professional development opportunity for housing co-op management, this event brings together co-op managers and staff from across Canada for leading-edge training and networking. We welcome back the Institute of Housing Management for more property management certificate courses in 2019.

Member Education Forum June 6-7

Two days of interactive workshops covering a wide range of topics, from community building to financial management. Learn, network and share ideas with your fellow co-op members from across Canada. Together, we'll build a strong future for co-op housing!

Annual Meeting of Ontario Members and Regional Meetings June 7

The place for members to discuss regional issues and for Ontario members to vote on resolutions and elect their Ontario Council representatives.

National Business Meeting June 8

Inspiring updates and important discussions on priorities, policies and programs of your national federation. The deadline for submitting resolutions is March 11, 2019; for resolution forms, visit www.chfcanada.coop and follow the link to the AGM Information Centre after December 1, 2018.
